## CHOOSING THE CORRECT VALVE

Bayswater shower valves come in a choice of twin, twin with diverter and triple combinations.

### TWIN VALVES

There are separate controls for temperature and water flow with one outlet. A twin valve operates one water outlet.

### TWIN VALVES WITH DIVERTER

There are separate controls for temperature and water flow and a diverter to control water flow between two water outlets.

### TRIPLE VALVES

Triple valves provide separate controls for temperature and water flow through two outlets. These valves operate two water outlets, either separately or simultaneously.

### TRIPLE VALVES WITH DIVERTER

Triple valves provide separate controls for temperature and water flow through two outlets. One of these flow controls is a single outlet, and the other incorporates a diverter which allows a total of three water outlets, two of which can be used simultaneously.

For more information, ask your retailer to help you decide which option is best for you.

WE USE THE BEST TEMPERATURE CONTROLLING THERMOSTATIC VERNET CARTRIDGES FOR THE SAFETY OF ALL OF THE FAMILY. THEY HAVE THE ADDED BENEFIT OF BEING RESISTANT TO CALCIUM BUILD-UP IN HARD WATER AREAS. THE VALVES PROVIDE ACCURATE FLOW CONTROL AND EXCELLENT FLOW RATES, EVEN AT LOW PRESSURE.

Thermostatic valves include Valquest patented technology. The cartridge is fully reversible so if, after installation, the hot and cold supplies are the wrong way around, the cartridge can be easily removed, turned 180 degrees, and replaced. Our concealed twin and triple valves are WRAS-approved, and thermal protected to +/- 2°C to prevent scalding. All twin & triple concealed valves are TMV2 and TMV3 approved meaning the set temperature will be maintained even if the water pressure varies. Bayswater showers meets Government Health & Safety requirements.

WE USE THE BEST NEW  
COMFORT HEIGHT BASIN  
AND PAN OPTIONS

This range is great for taller or less abled users. The WC height relieves pressure on knees and joints for a much more comfortable seating position and likewise the comfort height pedestal relieves pressure on the back.
